Welcome to AE Consulting

AE Consulting delivers cost efficient solutions to your presentation and communication challenges using innovative system designs.

We provide guidance, design and execution of fully integrated Audio, Video, Acoustic, Lighting and Control Systems for diverse types of clients. Our clients include performing arts theaters, educational facilities, businesses, training facilities, military facilities and houses of worship just to name a few. Whether your needs involve performance, presentation or training, AE Consulting will deliver unique solutions that exceed your expectations.

AE Consulting believes strong client relationships are the key to success. Randy Vaughan has been providing innovative solutions to satisfied clients for nearly 40 years. This personal attention means you have an expert to guide your project every step of the way.

Contact [Randy Vaughan](#) today to explore solutions to your presentation and training needs.
